BagDrop — Vision, Mission & Objectives

Team: TeamBack

Location: Kutch, Gujarat, India

Date: January 2026

Vision Statement

“To become India’s leading smart luggage storage and delivery network, empowering every traveler to explore freely without the burden of their bags.”

We envision a future where no traveler in India — whether a tourist, student, or business professional — has to drag heavy luggage through crowded stations, miss out on exploring new places, or worry about forgotten bags. BagDrop will be synonymous with hassle-free travel across the nation.

Mission Statement

“To provide secure, contactless, and affordable luggage storage solutions through a network of verified local partners, enabling travelers to store their bags anywhere and pick them up anytime — with the added assurance of nationwide delivery for forgotten luggage.”

Our Core Commitments:

1. **Accessibility** — Storage points near every major transit hub in India
 2. **Affordability** — Starting at just ₹50 for 6 hours (cheaper than railway cloakrooms)
 3. **Security** — OTP/NFC token-based retrieval with verified partner network
 4. **Innovation** — Self-service kiosks and smart locker integrations
 5. **Customer First** — 24/7 support with forgotten luggage delivery service
-

Business Objectives

Short-Term Objectives (0-12 Months)

#	Objective	Target	Timeline
1	Launch mobile app (iOS & Android)	Full feature launch	Month 3
2	Onboard partner locations in Gujarat	50+ locations	Month 6
3	Establish presence in Kutch region	10+ locations (Bhuj, Gandhidham, Mandvi)	Month 4
4	Achieve monthly bookings	5,000 bookings/month	Month 12
5	Build customer support team	5-member team	Month 6

Medium-Term Objectives (1-2 Years)

#	Objective	Target	Timeline
1	Expand to 50+ cities across India	Pan-India presence	Year 1
2	Partner with major airports	5 airports	Year 2
3	Launch subscription plans	Premium tier	Year 1.5
4	Achieve monthly revenue	₹7,50,000/month	Year 2
5	Deploy self-service kiosks	20 kiosks	Year 2

Long-Term Objectives (3-5 Years)

#	Objective	Target	Timeline
1	Become India's #1 luggage storage network	Market leader	Year 5
2	Smart locker integrations at transit hubs	100+ smart lockers	Year 4
3	International expansion	Southeast Asia	Year 5
4	Achieve valuation for acquisition/IPO	₹50+ Crore	Year 5

The Problem We Solve

"Imagine you've checked out of your hotel at 10 a.m., but your train is at 7 p.m. You want to explore the city... but your luggage says no. You drag it through cafes, metros, crowded streets — and suddenly, travel feels like a chore, not a vibe."

Key Pain Points:

1. **Early Checkout, Late Departure** — Hotels force checkout but flights/trains are hours away
2. **Heavy Bags, Ruined Plans** — Dragging luggage kills the travel experience
3. **Overpriced Cloakrooms** — Railway lockers cost ₹100+/day, often full or broken
4. **Forgotten Luggage** — No easy way to retrieve bags left behind

Statistic: 70% of travelers face luggage problems during their trip.

Our Solution

BagDrop — A smart, affordable, contactless luggage storage and delivery network, built for travelers who want freedom.

How It Works:

1. **FIND** — Open app, locate nearby BagDrop location
2. **BOOK** — Select slot, pay via UPI/Card/NFC
3. **DROP** — Leave bags, get OTP/NFC token
4. **RETRIEVE** — Show token, collect bags
5. **DELIVER** — Forgot bag? We courier it anywhere in India

Average drop time: Under 2 minutes

Why Kutch, Gujarat?

Factor	Advantage
Tourist Hub	Rann of Kutch attracts 5 lakh+ visitors annually during Rann Utsav
Transit Points	Bhuj Railway Station, Gandhidham Junction handle massive tourist traffic
Growing Economy	Gujarat's tourism is growing at 12% CAGR
Strategic Location	Gateway to Rann of Kutch, near Mundra Port
Cultural Tourism	Handicrafts, Bhujodi, Dholavira attract year-round visitors

Team: TeamBack

Location: Kutch, Gujarat, India

Date: January 2026

Primary Target Segments

1. Tourists & Backpackers

Attribute	Details
Demographics	Age 18-45, domestic & international travelers
Pain Point	Need to explore cities but carrying heavy bags
Behavior	Booking accommodation via MakeMyTrip, Goibibo, Hostelworld
Usage	Store bags while sightseeing, temple visits, shopping
Revenue Potential	High — Multiple hours of storage, premium for NFC tokens

Kutch-Specific: Rann Utsav visitors (November-February), Dholavira tourists, Bhujodi handicraft shoppers

2. Train & Bus Travelers

Attribute	Details
Demographics	Age 20-55, frequent interstate travelers
Pain Point	Arrive early, departure is hours later; no secure storage
Behavior	Use IRCTC, RedBus, State Transport
Usage	Short-term storage (3-8 hours) near stations
Revenue Potential	High volume — large numbers passing through daily

Gujarat-Specific Stations: - Bhuj Railway Station - Gandhidham Junction - Ahmedabad Junction - Surat Railway Station - Vadodara Junction

3. Students & Daily Commuters

Attribute	Details
Demographics	Age 17-25, college students traveling between cities
Pain Point	Heavy bags during inter-city travel for exams, interviews, visits
Behavior	Budget-conscious, prefer UPI payments
Usage	6-12 hours storage during exams, internship interviews
Revenue Potential	Medium — Price-sensitive but high volume

Gujarat Universities: Gujarat University, CEPT, IIT Gandhinagar, Nirma University

4. Business Travelers

Attribute	Details
Demographics	Age 28-50, professionals, SME owners
Pain Point	Need to move light between meetings; don't want to carry laptop bags + luggage
Behavior	Use airports, Ola/Uber, coworking spaces
Usage	Premium quick-access storage, NFC tokens preferred
Revenue Potential	High — Willing to pay premium for convenience

Gujarat Business Hubs: GIFT City, Ahmedabad, Surat Diamond Hub, Mundra Port Area

5. Forgotten Luggage Customers

Attribute	Details
Demographics	All ages, any traveler who left bags behind
Pain Point	Left bag at hotel/station, no easy retrieval
Behavior	Desperate, willing to pay for courier delivery
Usage	Delivery service (one-time, high-value transaction)
Revenue Potential	Very High — ₹300-1,500 per delivery arrangement

Market Size (Gujarat & India)
