

Here's a **well-crafted, high-impact prompt + content data** that you can use with your PPT generation tool (like Tome, Beautiful.ai, Gamma, Decktopus, SlidesAI, Canva AI, etc.) to generate a **professional business presentation** for **BagDrop**.

You can copy-paste this entire prompt *as is* into your AI slide generator — it covers every section you need and includes details, headers, bullets, and visuals.

□ **Best Prompt for PPT Generation (Full & Detailed)**

Generate a professional PowerPoint presentation for a business concept called “BagDrop”. The PPT should be modern, visually appealing, and business-ready. It should contain around 12-15 slides and include appropriate photos/visual elements relevant to each section. Use bullet points, icons, diagrams, and placeholders for images where required. Include a cover slide, section headers, charts, and infographics where needed. Use a clean, corporate layout with a consistent color theme. The presentation should include the following sections and details:

1. Slide: Title / Cover

Title: BagDrop — Smart Luggage Storage & Delivery **Subtitle:** Store & Manage Your Luggage with Ease **Tagline:** Secure, Contactless, Affordable **Presented by:** [Your Name] **Date:** [Presentation Date]

Visuals: Logo placeholder, travel luggage graphic, mobile app screenshot placeholder

2. Slide: Problem Statement

Title: The Travel Storage Problem **Points:**

- Travelers often check out early but trains/flights are later
- Carrying luggage all day is inconvenient
- Cloakrooms are crowded, expensive, or unavailable
- Forgotten luggage issues create stress and loss

Visuals: People with luggage, airport/train station baggage crowd

3. Slide: Our Solution

Title: BagDrop — Store Bags Anywhere, Anytime **Points:**

- Partners with local shops to store luggage
- Safe, secure, contactless access
- Use mobile app or self-service kiosks
- Supports OTP, NFC tokens, UPI & Card payments

Visuals: App screenshot, storage lockers, local shop partner image

4. Slide: Value Proposition

Title: Why BagDrop Is Better **Points:**

- Affordable pricing — ₹50 for 6 hrs
- Multi-payment support: UPI, card, NFC
- Smart OT P & token access
- Delivery support for forgotten luggage
- Inter-city rapid/porter delivery arrangements

Visuals: Infographic comparing payment & access methods

5. Slide: Target Market / Users

Title: Target Audience **Segments:**

- Tourists & backpackers
- Train & bus travelers
- Students & commuters
- Business travelers
- Users needing forgotten luggage support

Visuals: Persona icons, destination images

6. Slide: Product Features

Title: Key Features **Bullet Points:**

- App booking & map view
- Self-service kiosk interaction
- NFC & QR token support
- Real-time status & notifications
- LANLINE support for delivery requests

Visuals: Product feature icons

7. Slide: How It Works

Title: Process Flow **Steps:**

1. Find nearby BagDrop location
2. Book time slot
3. Drop luggage & receive OTP/NFC
4. Retrieve using OTP/NFC
5. Forgotten luggage? Arrange delivery via support

Visuals: Flowchart or timeline

8. Slide: Technology & Payments

Title: Tech & Payments Support **Points:**

- Contactless payments: UPI, Card, NFC
- Secure OTP & token verification
- Backend admin dashboard
- Self-service kiosk UI

Visuals: Payment icons, NFC graphic

9. Slide: Management & Operations

Title: Management Plan **Roles:**

- CEO / Founder — Overall strategy
- CTO — App & platform tech
- Operations Manager — Onboarding & quality
- Logistics Coordinator — Delivery partner support
- Customer Support — Phone & app support

Visuals: Team org chart graphic

10. Slide: Marketing Strategy

Title: Go-to-Market Plan **Points:**

- Social media ads targeting travelers

- Collaborations with travel influencers
- On-ground flyers near transit hubs
- Referral bonuses for users & shop partners

Visuals: Marketing icons & channel logos

11. Slide: Financial Plan

Title: Revenue & Financials **Revenue Sources:**

- Storage fees — ₹50 per booking
- Delivery arrangement fees
- NFC premium fees
- Ads on kiosk screens

Sample Revenue Calculation:

- 30,000 bookings × ₹50 = ₹15,00,000
- BagDrop commission @30% = ₹4,50,000
- 5,000 delivery arrangements × ₹300 = ₹15,00,000 commission @20% = ₹3,00,000 **Total Estimated Earnings:** ₹7,50,000

Visuals: Bar graph & data charts

12. Slide: Exit Strategy

Title: Exit & Growth Strategy **Points:**

- Acquisition by travel/logistics company
- Merge with courier platform
- Sell technology IP
- Expand to metro & international markets

Visuals: Growth arrow graphic

13. Slide: Future Roadmap

Title: Next Steps & Expansion **Points:**

- Expand to 50+ cities
- Add airport & metro storage
- Introduce subscription plans
- Smart locker integrations

Visuals: Timeline graphic

14. Slide: Thank You / Q&A

Title: Thank You! **Subtitle:** Questions & Discussion **Contact Info:** [Email] | [Phone] | [Website]

Visuals: Thank you graphic

□ Additional Visual / Data Instructions

Include the following visuals: ✓ Photos of travelers with luggage ✓ Local shop partner images ✓ Kiosk & mobile UI mockups ✓ Payment icons (UPI, Card, NFC) ✓ Delivery support illustrations ✓ Graphs for revenue & financials ✓ Flowchart for how the service works

□ Format & Style Settings You Can Mention

- Slide count: 12-15
 - Color theme: modern (blue/white/gray)
 - Icons: consistent style (line icons)
 - Fonts: readable (Arial, Montserrat, Roboto)
 - Include placeholders for images
-

Copy-paste this prompt into your AI slide generation tool, and you'll get a **professional, investor-ready BagDrop PPT** — complete with structure, data, visuals, and business logic.

If you want, I can also generate a **Google Slides link** or **Canva template script** based on this! □□□
